

WE'RE HIRING

JOIN ONE OF THE UK'S FASTEST GROWING COMPANIES

Graduate Engineer

Malmesbury

The QTS Group, one of the UK's leading Rail Infrastructure, Electrification and Training organisations, is looking for a Graduate Engineer to join its team based at Malmesbury.

Role & Responsibilities:

- Working alongside management of all civil & geotechnical engineering activities from initial enquiry to contract completion – including design, quotation, pre-planning processes, possession planning, site management, and project review meetings
- Encourage the use of the QTS Close Call reporting system and assist in the investigation of accidents / incidents
- Maintain excellent communication with the client / stakeholders and all team members throughout every project including mentoring and supporting of site teams
- Liaison with outside parties and statutory bodies
- Knowledge and understanding of collaborative working. Implementation of collaborative projects.
- Monitoring of personnel working hours
- Assist QTS Management and in other aspects of the Company as required
- Carry out audits and inspections
- Produce project documentation and HSQE contract plans including CPP, QMP, EMP, WPP & programme and monitor compliance throughout

the project lifecycle while reporting any updates or concerns to the Operations Manager

- Plan works thoroughly to maintain a safe system of work specific to each project / contract including HSQE requirements e.g. maintaining the Health & Safety File and site safety inspections
- Produce all site safety documentation prior to commencing works e.g. Site Induction, Task Briefing, COSHH, Contract Risk Assessments and ALO Plans. Dissemination of information.
- Assist within the Tender Process for all relevant works including tender handover and risk review with the Project Team
- Client / Stakeholder liaison, budgeting, and commercial review of projects
- Attend Managers and Management Review Meetings, liaise with Compliance and Safety Managers, ensure HSQE objectives and targets are established

Minimum Requirements:

For the role of Graduate Engineer, you should:

- Be willing to travel
- Be IT literate
- Have good interpersonal skills
- Good attention to detail and highly organised
- Full UK Driving Licence

Preferred Qualifications:

For the role of Graduate Engineer, you should have:

- BEng or BSc Minimum Degree in Civil or Geotechnical Engineering
- Graduate membership of ICE or equivalent body and working towards corporate membership

QTS is committed to creating a diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, colour, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability or age.
